Technical Project Manager

[LinkedIn](#)

Summary

I am a technical project manager proficient in accurate project documentation, stakeholder management, and strong negotiation skills. I have 6 years experience as a Respiratory Therapist which allowed me to develop excellent critical thinking, analytical, and time management skills. I am an energetic and intuitive team motivator with the ability to remain calm and make decisions under extreme stress.

Skills

Organizational Tools: Jira, Trello, Slack, Agile methodologies, Predictive methodologies, Scrum workflow
